Network Access in Romania

- TSO Members shall confirm that Network Users are eligible network users in their network according to the national laws. Only Network User Members who are confirmed this way are able to participate in the relevant capacity auction.
- For the purpose of this Pilot Project following eligibility criteria will be included in Specific terms and conditions for bundled capacity allocation on IP Csanádpalota;
 - NU shall provide a financial guarantee covering 100% of the requested transmission services;
 - The financial guarantee may be established in cash, as guaranteed account (collateral deposit) and/or as payment guarantee (letter of bank guarantee) issued by a mutually agreed bank;

CAM NC Pilot

Network access will be provided based on Specific terms and conditions for bundled capacity allocation on IP Csanádpalota
