## **II. Compared statement of the remuneration, company performance and average annual remuneration of employees for the period 2018-2022**

Measuring the performance of the public enterprise is a process of improving the activities carried out and the use of resources employed in order to effectively achieve the strategic objectives undertaken by the administrators and management through the company's Management Plan.

The strategic objectives set at the company level are aimed at increasing the company's performance, making the company's activity more efficient, redefining its strategy in accordance with the requirements of modern performance and competitiveness standards and transforming TRANSGAZ into a company with international recognition, a leader on the energy market in the region, making the most of all existing and future opportunities, in order for Romania to become an important energy corridor in the field of natural gas to Europe.

And because performance matters on the road to excellence, TRANSGAZ' Board of Administration took into account, when setting performance criteria and objectives, SMART performance indicators that measure the activity, profitability and productivity, the effectiveness of the proposed quantitative and qualitative objectives and express the strategic direction of the company's development.

In accordance with Article 107(1). 2, letter b, of Law 24/2017 on issuers of financial instruments and market operations, republished, the Remuneration Report presents the evolution of the remuneration of managers in relation to the evolution of the company's performance and the evolution of the average salary of employees (non-managers).

## **2. Variable remuneration**

### **2.1 Non-executive administrators**

For the year 2022, the maximum amount of the variable component for each non-executive member of the Board of Administration is 12 fixed monthly allowances, as approved by OGMS Resolution No 1 of 20 January 2022.

## **2.2 Director General and Chief Financial Officer**

For the year 2022, according to OGMS Resolution no. 1 of 20 January 2022, art. 3, the general limits of the variable component of the remuneration of the directors of SNTGN TRANSGAZ S.A. were approved, as follows:

- Director General - variable component within the limit of the amount of euro 495,000 gross/year;
- Chief Financial Officer - variable component within the limit of the amount of euro 80,000 gross/year.

The payment of the variable component is made annually, after approval by the General Meeting of Shareholders of the annual financial statements prepared in accordance with IFRS and after the GMS takes note of the annual report of the Nomination and Remuneration Advisory Committee, endorsed by the Board of Administration.

***Annual variable remuneration due = Amount of variable remuneration set by the addendum to the mandate contract x total degree of fulfilment of key performance indicators (KPIs)***

The total degree of fulfilment of key performance indicators ( $TF_{KPI}$ ) is the weighted average of the degree of fulfilment of each KPI ( $FD_{KPI}$ ).

$$TF_{KPI} = \sum(FD_{KPI} * \text{weighting factor})$$

The degree of fulfilment of each KPI ( $FD_{KPI}$ ) can be more than 100% and less than 0% but in the calculation of the total degree of fulfilment of the KPI ( $FD_{KPI}$ ) will be taken into account as follows:

- $FD_{KPI} > 100\%$  means  $FD_{KPI}=100\%$
- $FD_{KPI} < 0\%$  means  $FD_{KPI}=0\%$

The variable component of the remuneration due to members of the Board of Administration will be directly proportional to  $FD_{KPI}$  for the corresponding financial year.

Also in the event that:

- $TF_{KPI} \geq 80\%$ , the variable component of the remuneration is paid according to the presented calculation method.
- $TF_{KPI} \geq 50\%$  and  $TF_{KPI} < 80\%$ , the variable component of the remuneration is not paid;
- $TF_{KPI} < 50\%$ , the administrators may be revoked.

The KPI are evaluated annually based on the annual audited financial statements and on the other verification instruments.

## ***IV. The calculation of the variable component of the remuneration of Transgaz' Administrators, Director General and Chief Financial Officer for 2022***

The calculation of the variable component for the year 2022 of the remuneration of the non-executive members of Transgaz' Board of Administration, Director General and Chief Financial Officer is:

- ***Non-executive members of the Board of Administration***

Considering the provisions of Art.37, paragraph (2) of the Emergency Ordinance no. 109/2011 on Corporate Governance of Public Undertakings, as amended and supplemented, "**the remuneration of non-executive members of the Board of Administration consists of a monthly fixed allowance and a variable component. [...] The amount of variable component of non-executive members may not exceed maximum 12 monthly fixed allowances**",

(212.088 lei x 1 x 365 days/365 days) = 212.088 lei gross – contributions = 124.071 lei net)

No.	Fixed gross monthly remuneration lei	Gross annual variable remuneration lei	Contributions 35% lei	Tax 10% lei	Annual net variable remuneration lei
1	17,674	212,088 (17,674 x12)	74,231	13,786	124,071

- **Interim non-executive members of the Board of Administration** did not benefit from the variable component of the remuneration during their mandate.

- **Director General**

Considering the provisions of the Mandate Contract and of Addendum no 1 the value of the variable component of the remuneration of the Director General is the result of the following calculation:

(495.000 Eur x1x 4,9474 eur x 365days/365 days) =2.448.963 lei gross – contributions = 1.432.643 lei net)

Nr. crt.	Gross annual variable remuneration euro	Gross annual variable remuneration lei	Contributions 35% lei	Tax 10% lei	Annual net variable remuneration lei
1	495.000	2.448.963	857.137	159.183	1.432.643

- **Chief Financial Officer**

Considering the provisions of the Mandate Contract and of Addendum no 1 the value of the variable component of the remuneration of the Chief financial officer is the result of the following calculation:

(80.000 Eur x1 x4.9474 eur x 365 days/365 days) = 395.792 lei gross – contributions = 231.538 lei net)

\*) **exchange rate** of the Romanian National Bank lei/EUR communicated on 31 December 2022 is **lei 4.9474**.

No.	Gross annual variable remuneration euro	Gross annual variable remuneration lei	Contributions 35% lei	Tax 10% lei	Annual net variable remuneration lei
1	80.000	395.792	138.527	25.727	231.538

The key financial performance indicators underlying the granting of the variable component of the allowance, were achieved 100% according to the table below:

Indicator	PA 2022	Achieved 2022	Fulfillment degree	
	01.01-29.04.2022		value	%
Outstanding payments - thousand lei	0	0	0	100%

Operating expenses (less depreciation, balancing, construction activity and provisions for impairment of assets and for risks and charges) - thousand lei	1.112.356	918.441	-193.915	121,11%
General liquidity ratio	1,00	1,39	0,39	139,25%
Net debt ratio	5,50	2,78	-2,72	198,12%
EBITDA - thousand lei	354.495	583.282	228.787	164,54%

**Fulfilment of the key financial performance indicators:**

- 1. Outstanding payment Indicator** was undertaken in the Management Plan at 0 (zero) value and it was achieved 100%.
- 2. The performance indicators "Operating expenses (without depreciation, balancing, construction activity and the provisions for the impairment of current assets and for risks and expenses)"**  
The indicator "Operating Expenses (less depreciation, balancing, construction activity and provisions for depreciation of current assets and for risks and expenses)", in the Management Plan was undertaken at the level of lei 1,112,356 thousand for the year 2022.  
According to the audited financial statements related to 2022, the total Operating Expenses (less depreciation, balancing, construction activity and provisions for depreciation of current assets and for risks and expenses) was lei 918,441 thousand, representing a level of achievement of the undertaken level of 121,11%.  
In 2022, these savings are significant and clearly suggest to the managers the sustained effort to maintain a high degree of profitability.
- 3. General liquidity ratio** was undertaken in the Management Plan for 2022 in the amount of 1 and was achieved 1.39. This indicator indicates the capacity of the company to pay the short-term debts using the high liquidity degree assets from the balance.
- 4. Net leverage rate indicator** was undertaken in the Management Plan for 2022 in the amount of 5.5 and was achieved 2.78.  
In the context of the implementation of one of the largest and most important programs for the development of the gas transmission infrastructure the company's leverage capacity is maintained within the limits so as not to affect the financial balance of the company.
- 5. The "EBITDA" performance Indicator** was fulfilled 164.54%, an amount of 583,282 thousand lei was actually achieved compared to 354,495 thousand lei undertaken in the Management Plan for 2022.  
The fulfilment of this indicator signifies the assurance of an internal financing source for the strategic investment projects.

**Achievement degree of the key non-financial performance indicators:**

The non-financial key performance indicators achieved for 01.01.2022-31.12.2022:
