Press release on the launch of the TransGasFormation

POCU/685/3/8/132556

SNTGN Transgaz SA, as the beneficiary, is implementing the **TransGasFormation project**, starting on 18 June 2020, for 12 months.

The overall objective of the project is to develop the competences of the employees belonging to the project target group through training activities, using new methods, practices and techniques of management and human resources management, with a direct positive impact on the company's activity. The target group consists of employees in management positions and employees of the human resources department. They will get the benefit of stimulating and developing professional competences, i.e. improving managerial, entrepreneurial and HR management skills through access to new learning and working tools, methods, practices etc. The project will enable the training of 137 employees in the company and will contribute, under the current dynamics of the labour market, generated by the re-engineering, the increase in competitiveness and the customers' needs, to the employees' adaptation to the new professional requirements and to the awareness of the benefits of continuous vocational training which is an important factor in the process of improving the employees' knowledge and skills.

The total eligible amount of the project is Lei 1,402,519.20, of which the grant is Lei 701,259.60, representing 50% of the eligible costs.

The project's implementation started on 18.06.2020 and will end on 17.06.2021, under Grant Agreement no. POCU/685/3/8/132556, registered at Regional Intermediate Body for the Sectoral Operational Programme for Human Resources Development CENTRAL Region with no. 8101 on 17.06.2020.

The project is co-financed from the European Social Fund (ESF) under the Human Capital Operational Programme 2014 - 2020 (POCU).
