PUBLIC CONSULTATION

on the Business Rules and Communication Procedures in case of Exceptional Events to the Draft Interconnection Agreement for IP Medieșu Aurit / Tekovo

SNTGN TRANSGAZ SA and Public Joint-Stock Company Ukrtransgaz intend to conclude an Interconnection Agreement for Interconnection Point Medieșu Aurit / Tekovo. According to art. 4.2 of the Commission Regulation (EU) 2015/703 of 30 April 2015 establishing a network code on interoperability and data exchange rules, both TSOs invite the network users to comment on the proposed text of:

- 1) rules for the matching process,
- 2) rules for the allocation of gas quantities,
- 3) communication procedures in case of exceptional events.

SNTGN TRANSGAZ SA and Public Joint-Stock Company Ukrtransgaz submit for public consultation the rules for matching process and allocation of gas quantities, the communication procedures in case of exceptional events as well as other Network User relevant provisions.

This consultation will run from 1 July 2017 until 1 September 2017.

The public consultation has the aim to collect the opinions from all potential network users regarding the transmission of natural gas through the IP Medieșu Aurit / Tekovo.

The present Interconnection Agreement project envisages the physical flow of natural gas in the direction Ukraine - Romania and the virtual flow in the direction Romania - Ukraine. At present the physical flow of natural gas in the direction Romania - Ukraine is not possible due to the minimum pressure requirements necessary for the takeover of the quantities in the Public Joint-Stock Company Ukrtransgaz's transport system.

All responses should be submitted to both TSOs in English at the following e-mails: consultation_ia@transgaz.ro and businesscooperation@utg.ua.

Please indicate explicitly if the responses contain information that is confidential with regard to third parties.

SNTGN TRANSGAZ S.A. and Public Joint-Stock Company Ukrtransgaz will evaluate the comments received during the consultation, and if necessary, adjust the text of the draft Interconnection Agreement.

The relevant provisions of the draft Interconnection Agreement between SNTGN TRANSGAZ SA and Public Joint-Stock Company Ukrtransgaz are available [here](#).

We are looking forward to receiving your opinions.
