

No. 16.155/15.03.2019

Submitted for approval in the OGMS meeting of 23 April 2019

REPORT

on the proposal for the allocation of the 2018 financial year net profit

SUMMARY

The net profit was allocated according *Government Ordinance No. 64 of 30 August 2001 on the allocation of profits in national companies and trading companies owned by the state or where the state is a majority shareholder and the autonomous administrations* in terms of applying the rate of 50.00875% to profit as dividends. The quota allocation foreseen in the revenue and expense budget of SNTGN Transgaz SA for year 2018 approved by OGMS Resolution 2/06.03.2018 is of 50%.

Due to the fact that on 31 December 2018 35% of the amounts allocated to other reserves according to Art. (1) (g) of Government Ordinance 64/2001 on the allocation of profits in national companies and trading companies owned by the state or where the state is a majority shareholder and the autonomous administrations, approved as supplemented by Law 769/2001, as further amended and supplemented, found in the existing cash in hand and bank accounts as well as those related to short-term investments, are committed under procurement contracts, to be used as own funding sources, it was not proposed the distribution of dividends in accordance with the provisions of Art. 43 of GEO 114/2018.

DETAILED CONTENT

Net profit to be distributed according to the financial statements and to the statement of comprehensive income` after the deduction of the income tax amounts to **LEI 495,675,108.**

The proposal for the allocation of the net profit for 2018 is according to *Government Ordinance No. 64/2001 on the allocation of profit in national companies and trading companies owned by the state or where the state is a majority shareholder and the autonomous administrations*, as further amended and supplemented, and to the specifications approved by *Order of the MPF 144/2005 on the approval of the Specifications for the determination of the amounts subject to profit allocation according to GO 64/2001 on the allocation of profits in national companies and trading companies owned by the state or where the state is a majority shareholder and the autonomous administrations*, as amended and approved by *Law 76 /2001*, as further amended and supplemented

Net profit was allocated as dividends according to the 50.00875% quota. The allocation quota foreseen in the revenue and expense budget for year 2018 approved by OGMS Resolution 2/06.03.2018 is of 50%.

The calculations referring to the determination of net profit amounts distributed are shown in the Annex to this report, as further amended and supplemented, on which we make the following clarifications:

↳ no amounts were distributed to the legal reserves as they are presently constituted under the quota of 20% of the share capital, according to Art. 183 (1) and (2) of Law 31/1990, as further amended and supplemented;

↳ the employees participation in the profit was determined within the limits of the average monthly base salary per employee in 2018, according to the number of employees in the financial year ended;

↳ dividends due to shareholders were determined according to OMPF 144/2005, by applying the quota of 50.00875% to the net profit after its reunification with the amount of the costs representing employee participation to the profit, affecting the gross profit before taxation. ***Due to the fact that on 31 December 2018 35% of the amounts allocated to other reserves according to Art. (1) (g) of Government Ordinance 64/2001 on the allocation of profits in national companies and trading companies***

owned by the state or where the state is a majority shareholder and the autonomous administrations, approved as supplemented by Law 769/2001, as further amended and supplemented, found in the existing cash in hand and bank accounts as well as those related to short-term investments, are committed under procurement contracts, to be used as own funding sources, it was not proposed the distribution of dividends in accordance with the provisions of Art. 43 of GEO 114/2018 (Annex 2).

↳ the retained earnings, for establishing own financing sources, were determined as the difference between net profit to be allocated and the profit proposed to be allocated according to GO No. 64/2001.

The proposal regarding profit allocation according to GO 64/2001 is presented in the table below:
