RELEASE

ANRE approved the `Plan for the Development of the National Gas Transmission System for the period 2020-2029`

SNTGN Transgaz SA notifies all stakeholders that, according to Art. 125 (8) of Power and Gas Law 123/2012, the National Energy Regulatory Authority (ANRE) approved the *Plan for the Development of the National Gas Transmission System 2020-2029* by Decision 2210/25.11.2020 within the meeting of the Regulatory Committee held on 25.11.2020.

The *Plan for the Development of the National Gas Transmission System 2020-2029* and ANRE Decision 2210/25.11.2020 for the approval thereof are available at <http://www.transgaz.ro/ro/activitati/cooperare-internationala/proiecte-majore-de-dezvoltare>.

SNTGN Transgaz SA is the technical operator of the National Gas Transmission System (NTS) putting in place the national strategy regarding internal and international gas transmission, dispatching, research and design, under efficiency, transparency, safety, non-discrimination and competitiveness conditions, in compliance with the European and national laws, the quality, performance, environment and sustainable development standards.
