

Dear Partner,

Taking into account the opinions received from stakeholders within the public consultations on the timeline of the ROHU Open Season, conducted during 24.08.2017-08.09.2017, Transgaz and FGSZ agreed to amend it.

The new timeline is available [here](#).

We would like to mention that such amendments will enter into force subsequent to their approval by the National Energy Regulatory Authority.

Once the timeline is approved we will publish the ROHU Open Season Procedure Rulebook amended accordingly.

Best regards,

The National Gas Transmission Company Transgaz SA
